PROFILE

Computer Science and Artificial Intelligence graduate with hands-on experience in web development, artificial intelligence, machine learning, and computer vision. Experienced in developing websites for student events, collaborating with design teams, and contributing to technical projects in collaborative environments. Also experienced in AI and data projects through internships and academic work.

EDUCATION

- Bachelor's Degree in Computer Science – Artificial Intelligence** Sep 2023 – Jul 2026
Numidia Institute of Technology

PROJECTS & ACTIVITIES

- Web Development Projects** 2025 – 2026
NCS – Numidia Computer Society / University
 - Developed and contributed to websites for student events.
 - Collaborated with the Design Department to implement event websites.
 - Contributed to the development and improvement of web projects.
- AI & Computer Vision Projects** 2025 – 2026
Academic and internship projects
 - Worked on artificial intelligence, machine learning, and computer vision projects.
 - Applied data analysis, image analysis, and machine learning techniques to practical problems.
- Hackathons, Ideathons & Designathons**
Numidia Institute of Technology / NCS
 - Participated in multiple hackathons, ideathons, and designathons.
 - Collaborated with students from different backgrounds to develop and present project ideas.

EXPERIENCE

- AI / Computer Vision Intern** May 2026 – Jun 2026
Société Générale Algérie Algiers, Algeria
 - Co-developed an offline OCR-based fraud detection solution.
 - Contributed to document verification and image analysis.
 - Worked on computer vision components for document processing.
- Development Lead** Oct 2025 – Aug 2026
NCS – Numidia Computer Society Algiers, Algeria
 - Led and coordinated the development of websites for student events.
 - Worked closely with the Design Department to implement event websites.
 - Contributed to the development and improvement of web projects.
 - Collaborated with different club departments throughout project development.
 - Contributed to the successful organization of multiple student events.
- AI & Data Intern** Jul 2025 – Aug 2025
Djezzy Algiers, Algeria
 - Contributed to customer churn prediction using machine learning.

- Performed data preprocessing and model evaluation.
- Compared classification algorithms and analyzed their performance.

•

Computer Science Student & Club Organizer

Numidia Institute of Technology

2024 – 2025

Algiers, Algeria

- Participated in the organization and preparation of several student events.
- Contributed to multiple hackathons, ideathons, and designathons.
- Assisted with event logistics and collaborated with different club departments.
- Created Instagram stories, event announcements, and simple promotional content when needed.

TECHNICAL SKILLS

Web Development: Front-End Development, Responsive Web Design, UI Implementation, Website Development

Artificial Intelligence: Artificial Intelligence, Machine Learning, Computer Vision, OCR, Data Analysis

Professional Skills: Teamwork, Communication, Project Collaboration, Event Organization

POSITIONS OF RESPONSIBILITY

- **Development Lead**NCS – Numidia Computer Society

Oct 2025 – Aug 2026

- Led and coordinated website development for student events.
- Collaborated with the Design Department and other club teams.
